

# Welcome

## A Splash of Chaos: Painting Ghost Ranch

with Antonio Darden

G24090408

September 22-28, 2024

The love of Chimney Rock and Cerro Pedernal or just Pedernal, shows in my watercolor paintings. I will show you how to capture these amazing landscapes with watercolor.

We will have 5 full days of instruction. 9 to noon, break for lunch. I like to work in as much natural light as possible, so we will meet right after lunch for 2 hours. Participation is a must for the entire workshop, so you can not miss any days. Please bring all supplies needed, including extra paper. I would like to have two paintings completed each day. If we all are working faster than expected, we could do three. But no pressure.

This workshop is for beginners to intermediate. The most important thing to remember for this workshop, is to have fun!

I look forward to meeting you.

Antonio Darden
