Hello Friends,

My name is Sean Hudson. I'll be taking over 'Color and Composition' for Juliana Crowover... I know you were looking forward to working with her, so I am doing my best to keep her vision alive in creating a workshop that celebrates bold colors while employing thoughtful compositions! I have built a course that explores fundamental drawing and painting techniques, color theory, as well as tips and tricks for creating more inviting and engaging landscape paintings. I'm excited to meet and paint with you and I know this will be a wonderful experience for everyone. Upon arrival, you will receive a packet with everything we will cover in the course.

Beginners will gain a wealth of knowledge and experience, while advanced painters will learn to expand upon their sensibilities of light and space.

Friday August 9th -

3:00pm - Check in

5:30 - 6:30pm - Dinner

6:30 - 8pm - Introductions, review of materials, value studies, visit to library
