## Color and Composition

with Sean Holmes

G24110305

November 22-24, 2024

Hello Friends,

Welcome to Color & Composition. I look forward to meeting and painting with you this Fall! In this workshop, we'll focus on fundamental drawing and painting techniques, employing color theory to create more inviting and engaging scenes, and compositional considerations for enhancing your unique vision of the New Mexican landscape. Each topic will include a demonstration and exercise. Beginners will gain a wealth of knowledge and experience, while advanced painters will learn to expand upon their sensibilities of light and space.

Please feel free to reach out with any questions you might have.
